Dade Moeller Carrier (FedEx) (added to invoice and/or credit card)	Owner's Shipping Method (carrier): FedEx only
	Account #:
	Zip Code:

1) Exposure Rate Calibrations are for dose and dose rate measuring equipment.

2) Count Rate Calibrations are for contamination monitoring equipment.

3) Dade Moeller uses a variety of NIST traceable sources for count rate calibrations; the Laboratory will make an effort to match the sources used for calibration to the clients "Nuclide(s) of Interest." Not all nuclides can be matched; in such cases nuclides of similar energy when available, will be used.

4) Please provide shipping instructions for return shipment. If section is not completed, Dade Moeller will use carrier of choice, cost will be added to invoice or credit card payment.

~ Dade Moeller is licensed by the State of Tennessee (R-01111-J21) to perform instrument calibrations. ~
